Dear Shelly,
To a wonderful girl, may you stay as sweet and wonderful as you are now. Look to the future and hope for the best. And all your dreams will come true.
Love, Mama

Dear Shelly,
Good luck and best wishes for the future. Stay as pretty and sweet as you are. It was very nice knowing you.

TO LEONARD J. PINCUS

With fond affection and respect for your professional life of devotion to the welfare of a full generation of Bayside men and women. The door, to your office, like the door to your heart, has never been closed. For that we humbly thank you, and, with fondest hopes for your future, wish you a long and happy retirement—a reward that you most assuredly deserve.

The opening of a door may be a symbol of an entrance into a new strange place or a familiar, oft-visited place. The doors of Bayside High have been both, to many people over many years.

These doors remind the many, but different Baysiders of varied feelings and experiences. It may be the laughter with friends in the hall, or the exchange of confidences in the lunchroom. It may be the excitement of a controversial class discussion, or the pleasure of working together to create a newspaper, a play or a poster. Or it may be playing for Bayside in a game or yelling for Bayside to win.

Bayside is full of living memories. Come with us as we open the door and enter the REAL Bayside. Bayside working, Bayside playing, Bayside in everyday action. Come inside Bayside!

DR. SAMUEL D. MOSKOWITZ

To the Graduates of June, 1962:

Congratulations upon your completion of your secondary school education and best wishes for future success in the exciting world of education, industry or commerce.

You have learned at Bayside High School how to live with your fellow beings, respecting the rights of others to hold views different from your own, understanding the obligation which freedom of speech, press, assembly and religion imposes on all of us. You have lived through a period when students have had the courage to express themselves on such matters as civilian defense, loyalty oath and a sane nuclear policy.

You are well equipped to become active participants in our democracy.

Cordially yours,

Samuel D. Moskowitz

SAMUEL NEIMAN

1911-1962

Teacher, Writer, Friend

In the biographical notes of one of the three anthologies in which his writings appeared, Samuel Neiman wrote, "We live in a society, which to a great degree, is inimical to those values we prize most. To a greater degree than most men, the writer represents the conscience of humanity. He must seek every hour to perfect his conscience and accept the travail of spirit that this implies, meanwhile mirroring forth to men the limitations of society and their own natures."

To a far greater degree than most teachers, Sam Neiman represented the conscience of his profession. He, too, sought to perfect the conscience of not only his fellow-teachers and friends, but, most importantly of all, his students. He accepted the travails of spirit that this implied. Indeed, he mirrored for all of us the limitations of our own lives and natures by the extravagances of spirit and personal integrity with which he was so richly endowed. His leaving us has left us all that much the poorer.

There are some teachers who care about the aspirations of their students. There are those who don't. There are some teachers who care about the welfare of their fellow-teachers. There are those who don't. There are some teachers who care about the well-being of society—and some who don't. In all these matters, Sam Neiman was on the side of the angels.

In the hearts of those of us who knew him, he will remain eternally so.

ENGLISH

According to Mr. Lawrence Ganeless, acting chairman of the English Department, "The English program helps the individual in his personal life, helps him in his chosen occupation, and helps him in his role as a citizen in this society. The ingredients of English enable him to enjoy reading in his leisure time, to continue his education after his formal education through purposeful reading, and to get along with greater understanding with whom he comes in contact because of his greater ability to communicate."

Under the capable leadership of Mr. George Sullivan, chairman of the English Department and a zealous and progressive staff of teachers, these goals have been implemented with several educational courses.

Our English teachers have aided talented students in the creation of our very fine school publications. TRIANGLE, BAYSIDER, and SOUNDINGS have all been the recipients of numerous awards.

This year, the English Department is experimenting in establishing an advanced placement course enabling high school students to undertake college courses. Mr. Ganeless's appraisal of the success of the course is that, "Both the teachers and pupils are learning a great deal." This succinct statement is a complete assessment of the accomplishments of our English Department.

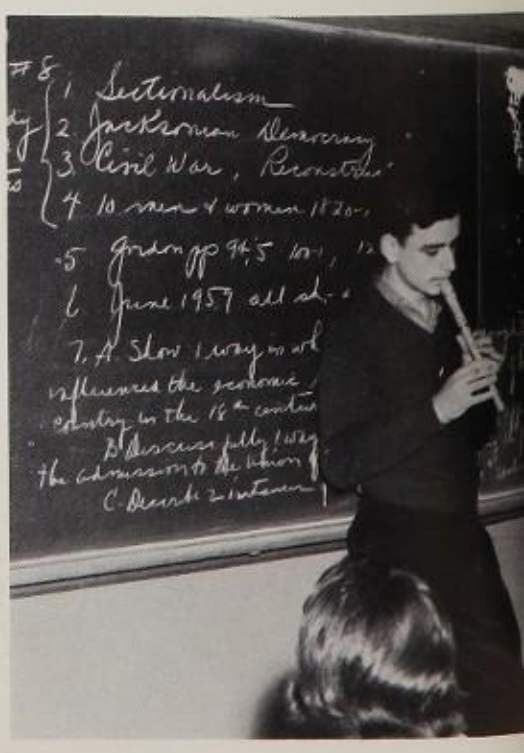
"And, you see, monsters . . ."

"Just to keep you worrying."



The Social Studies Department endeavors to foster an understanding and appreciation of our democratic heritage.

Notable among this year's achievements was the institution of new Problems of American Democracy course. The P.A.D. course given up until this year was only for college-bound students. This new course is for average students. It trains students in comprehension of present issues, practice in research techniques and discussion.

Western Civilization, a college level study of the trends that shaped our civilization, is given to Seniors with high averages in the Social Studies. The college approach and techniques are used in order to orient the student in college work.

The Department also conducted experiments in teaching World History 1 through films and Asiatic history in World History 2. The visit of the Herald Tribune exchange students to Bayside High School was under the auspices of the Social Studies Department. Several Bayside students participated in a WNYE Social Studies program called "Behind The Headlines."

"Number pul-ease!"

Dr. Maurice Silver, chairman of the Language Department, and his staff of eighteen teachers of French, Spanish, German and Latin are pointing with pride to the recently installed Language Laboratory. This room offers individualized instruction to students in a way not possible in ordinary classrooms.

Pronunciation and conversation are improved by having the student listen to himself. This is done with tape recordings and records. By this method, students are able to learn about languages other than the one studied in class.

MATHEMATICS

By the time a Senior at Bayside has left these ivy halls, it is assumed that he or she is capable of performing the basic fundamentals of mathematics, addition, multiplication and differentiation of fourth degree equations. This "basic" knowledge has been implanted by our excellent Mathematics Department headed by Mr. Isidore Dressler.

This year the Math Department undertook a radical experiment. A new Tenth Year Math class was instituted which added solid geometry to the course. Solid geometry is usually taught in the twelfth year.

The Math Department has received many honors. Last spring, Bayside competed with 5300 other high schools in a contest sponsored by the American Mathematical Association. Our school placed 25th as a unit, and one Bayside student placed 20th in a field of 160,000 contestants.

For all math wizards, here is an easy problem: There are two coins whose sum is fifty-five cents; one is not a nickel. What are the two coins? The answer is below.

Answer: One isn't a nickel, but the other one is!

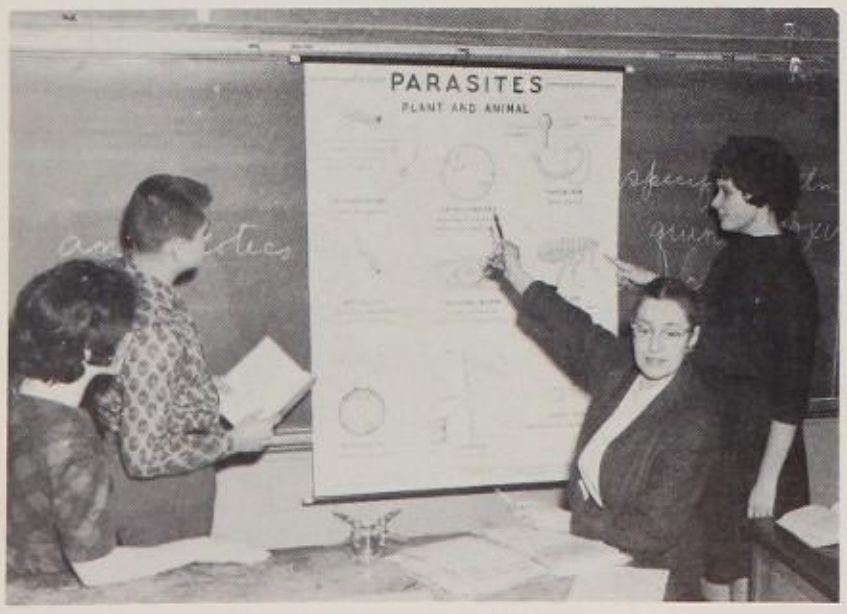
BIOLOGY

Biology at C.B.S.

Mrs. Reiner-Deutsch teaches Bio 1.



Aside from teaching the necessary fundamentals of its subject, the Biology Department strives to create democratic citizens. Mr. George Lash, Chairman of the Department's fifteen teachers, states that through the background provided in biology, it is hoped that the mind of the student will be opened to thinking which will cause fair judgment of all evidence.

In addition to its required courses, the Biology Department offers a special course in college-level biology called Bio 3. This course, for which college credit is given, is open to seniors who have a general average over 90% and have completed chemistry.

PHYSICAL SCIENCE

Under the chairmanship of Dr. Arthur Greenstone, the Physical Science Department strives to give the students of Bayside an understanding of the physical world.

A student with a special interest in science, may take Advanced Chemistry or be a member of the Science Research class. The Advanced Chemistry course is open to students who have achieved an average of 90 or better in Chemistry 1 and 2. The material covered is that of first year college course. The Science Research class consists of approximately 15 outstanding students interested in scientific careers. These students work on experimental projects in physics and chemistry, and give lectures on their work in these fields. They also participate in science contests such as the National Science Talent Search and the New York University Science Contest.

Our Physical Science Department provides valuable knowledge for all students, and valuable opportunities for the scientifically gifted student.

The purpose of the Speech Department, as stated by Mrs. Gertrude Rose, acting chairman, is to "train students so that their voices are audible, expressive, and flexible, and their way of speaking is clear and correct in pronunciation." The speech program has fully and powerfully driven towards these aims, providing corrective speech clinic for the student who is not up to normal, basic courses for the average student, and honors and elective classes for the talented.

Each spring the Speech Department provides a trip to the Shakespearean Theatre at Hofstra College. This year they saw "The Tempest."

Bayside High School students can be proud of their Speech Department for the great opportunities it offers in the art of oral expression.

ARSENIC AND OLD LACE

This year the Secretarial Studies Department has contributed more than ever to the general education of the student. Aside from its customary curriculum of developing within the commercial student a high degree of skill which will qualify him for his initial employment in the business field, the department succeeded in adapting its curriculum to the academic student.

Mr. Alaggia, with the cooperation of the Secretarial Studies Department, started a program of placing academic students in summer positions. The Department felt it necessary for the academic student to have a marketable skill in order to be placed advantageously. Accordingly, a second term of Senior Stenography was offered for the first time, to develop skill in transcription, and speed in taking dictation.

INDUSTRIAL ARTS

The Industrial Arts Department, under the chairmanship of Mr. Girard Mayer, affords students a chance to learn various industrial skills in the electric, woodworking, metal, and the radio shops. Many boys pursue these skills as vocations.

The useful skills that are learned are applied in many ways. In the electric and radio shops, the students brought in their defective electrical appliances from home and repaired them in class.

The Industrial Arts Department also offers various courses in drafting which range from a beginning course to courses in machine detail and architecture. For the first time in Bayside High School's history, a course in drafting was offered to seniors taking academic courses who had not taken any drafting previously. This course was more advanced than beginning drafting and was meant as training for college work.

The girls weren't left out. Courses in cooking and sewing, which provided practical experience for future homemakers, were taught.

GIRLS' HEALTH ED.

The purpose of the Girls' Health Education Department "is to build strong minds and strong bodies," according to Miss Edna Dellert, chairman. The Department is carrying out this aim by inaugurating President Kennedy's program of physical fitness. The gym classes are now being given conditioning exercises and endurance and strength tests.

The Health Education Department also offers several special courses such as Dance Gym, for girls who enjoy modern dance, and Sports Gym for those who want a more active program in sports. The Department also offers Health Service and Health Guidance to aid girls with health problems.

Hygiene, which is required daily for one term, covers nutrition, first aid, and drivers' safety education. Although Drivers' Education does not qualify a student for a license, it does provide a valuable background of knowledge that drivers must have.

The Department is looking forward to using our new athletic field upon its completion.

BOYS' HEALTH ED.

SITTING: Mr. John Adelmann, Mr. Frank Vinciguerra, Mr. Louis Werner, Chairman.

MUSIC

SITTING: Mr. William Klein, Mr. Abram Klotzman, Chairman, Mr. Alfred Leuschner.
STANDING: Mr. William See, Mr. Sidney Lovett.

"It is the aim of the Music Department to develop in our students a love and understanding of good music, together with a degree of skill in its performance." So stated Department Chairman, Mr. Abram Klotzman.

During the past year, the Music Department offered several excellent performances. The Christmas Concert and the Nights of Music were the most notable of these. The Concert Band, the Concert Orchestra, and the Concert Chorus, are under the direction of Mr. Alfred Leuschner, Mr. William Klein, and Mr. Abram Klotzman, respectively. The Music Department trains students to sing or to play an instrument of their choice. The students enjoy performing music, and are trained to take the place of graduating students in the school's music groups. Mr. Sidney Lovett and Mr. William See teach music appreciation classes which are the basic classes leading to more advanced study.

ART

SITTING: Mrs. Hazel Kidd, Mrs. Terryl Best, Mr. Walter Cramblitt, Mrs. Lillian Silver, Mr. Philip Frankle, Chairman, Mr. Martin Swirsky, Mrs. Irene Breen.
STANDING: Mrs. Ena Oechsner, Mr. Chris Constance, Mr. Maurice Henriques.

Art is a satisfying experience even if a student is not interested in it as a career. The number of students taking art electives is increasing so rapidly that our Art Department will increase to ten members next term.

The electives offered as major subjects are: Painting, Sculpture, Costume Design and Graphic Arts. Art Squad, Basic Art, Posters, and Publications are offered as minor subjects. Art Squad is the only course for which a student must be selected.

ACCOUNTING

The aim of the Accounting Department is preparation for a life in a business-dominated society. Courses given included bookkeeping, business arithmetic, merchandising, which included retailing, selling and advertising, record keeping, business machines and business law. Most of these courses are compulsory for commercial students and voluntary for academic students.

SITTING: Mr. Herman Lepp, Mrs. Ethel Klurfeld, Mr. Edwin Nurnberg, Mrs. Katherine O'Reilly.

SPORTS

Lambertson vs. Franzoni

The Bayside Commodores raised school spirit to an all time high this year by bringing us to Madison Square Garden.

Getting off to a terrific start, the hoopsters trounced their first five opponents, but were finally defeated in game number six by Bryant High. The remaining part of the season was a see-saw of victories and losses resulting in a fine record of 11-5. In our final league game, we topped Francis Lewis and avoided a three-way tie for third place in Queens.

As a result of this, we went to the Garden to take part in the City Play-offs. Here, we beat our first opponent, Jamaica, 57-55, in a really thrilling match. Marty Lambertson was without a doubt the star of the game, sinking a beautiful hook shot with only one second left.

Lambertson, Lambertson, he's our man.

Franzoni puts it over!

Our next victim was Richmond Hill, whom we trounced 63-53. In game number three at the Garden, Boys High School killed our chances for the City Crown by defeating us 60-32.

Mr. Neil Nelson coach of the team, credited the entire team for the outstanding season. The starting five consisted of Eric Arens, Gus Franzoni, Vern (Butch) Jackson, Marty Lambertson, and Captain Dave Slovik.

Next year's team looks like another top-notch squad. Returning will be Marc Shatz, Robert Rudy, Gus Franzoni, and Marty Lambertson. Although he will not coach the team, Coach Nelson expects to see the Commodores in the Garden next year.

It's IN!

STANDING: Coach Neal Nelson, Captain David Slovik. KNEELING: Manager Zahler, Manager Stern.

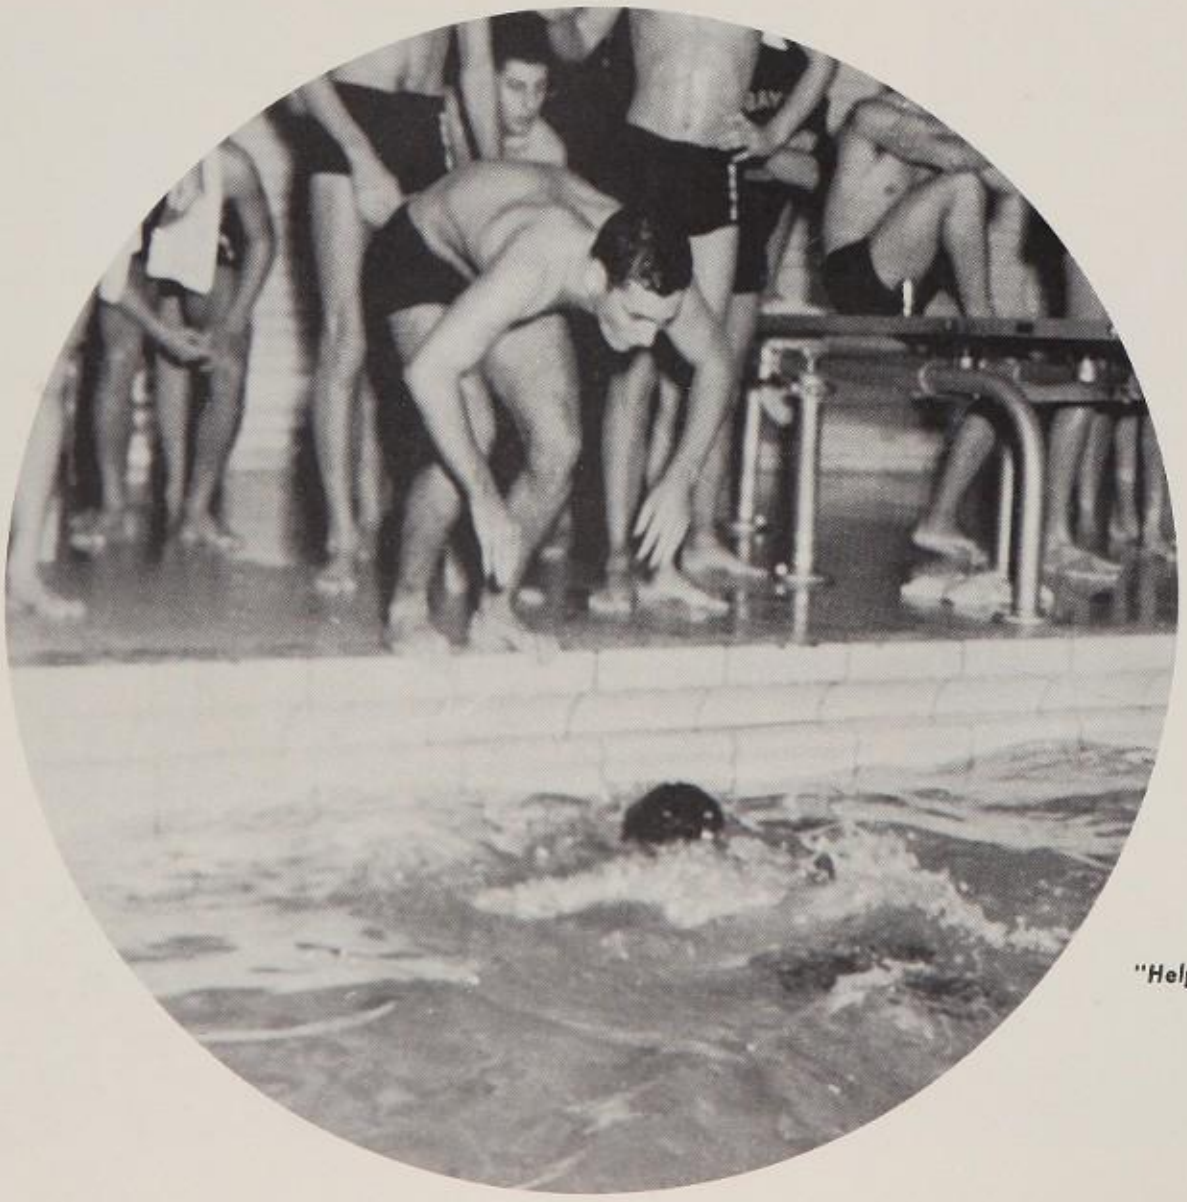
SOCCER

Our Soccer Team, still recuperating from last year's disappointing season, showed much improvement this season under the supervision of its new coach, Mr. Gerard Pannell. This year's team had a 5-3 record with a single tie. Having a strong starting lineup, the 1961 team more than doubled its previous season's record of victories and placed fourth in the Queens P.S.A.L. competition. Mr. Pannell, very pleased with his team, feels that next year's squad will be noticeably weaker due to the loss of two of our best players, Eric Arens and Willy Walter, who were probably among the best soccer players in the city.

"Be careful, I have athlete's foot!"

SITTING: Clemens, Verne, Unrath, Luskin, Epstein, McNerney, Tamari, Kaufman. KNEELING: Galletti, McMahon, Gertler, Koppelman, Damiane, Brinko, Monten, Tane. STANDING: Haber, Faeder, Gertler, Taylor, Clulee, Savage, Friedman. STANDING: Beaman, Katz, Steinglass, Grodin, Sesso, Webber.

SWIMMING



"Help! I can't swim!"

The Bayside Mermen ended this year's season with a perfect record of 9-0 and remained Queens champions for the second consecutive year.

The secret of our undefeated team was its extreme versatility and veteran swimming strength. Randy MacDonald was referred to by Coach Jean Welker as the most dependable swimmer on the squad. Throughout his high school swimming career, he has participated in four of the nine possible events: the 100 yard breaststroke, 100 yard butterfly, 200 yard freestyle, and 200 yard individual medley. Also referred to as all-around swimmers by Coach Welker were Bob Faeder, Rod Beamon, Joel Katz and Nick Clulee.

Veteran diver Roy Matteini remained undefeated whereas rookie freestyler Pete Unrath also had a perfect season. Stu Tane, the team captain, and Bob Friedman, the co-captain, and All-Queens swimmer, also got recognition from their coach as key men on the squad.

Coach Welker was very pleased with this year's team and hopes that through extensive practice, next year's squad will be just as good, if not better, than the '61 mermen.

FRONT ROW: Burke, Kellerman, Taylor, Scott, Haberman, Wilkenson, Jackson, Burns, Adelman. SECOND ROW: Inguante, Grimes, Guadiello, Scudieri, Jaffe, Parris, Friedman, Karajian, Klatzkin, Helfand, anger. THIRD ROW: Wagner, Loeffler, Harris, Doherty, Bacchi, Essex, Adare, Schuchman. FOURTH ROW: Zadorozny, Turbin, Cadona, Turbin, Savitt.

TRACK AND CROSS COUNTRY

The 1962 Track Team has been the best that Bayside has seen for many seasons. Mr. Frank Vinciguerra, coach of the team, based the team's success on veteran strength as well as newly uncovered running talent.

Placing 5th in the open Medley Relay Competition in the Mayor's All-City Track Meet, the Bayside Runners had a very successful season.

Bob Scudiere, captain of the squad, along with Manager Gary Helfand, Rich and Ron Turbin, Jim Adare and Frank Loeffler, were commended for their outstanding achievements on the team by the coach.

KNEELING: Goldstein, Kuperman, Schlossman, Meltsner, Brno, Berkowitz. STANDING: Mr. Leonard, Sorenson, Haser, Marinello, Cepelak, Orkwis, Feldman.

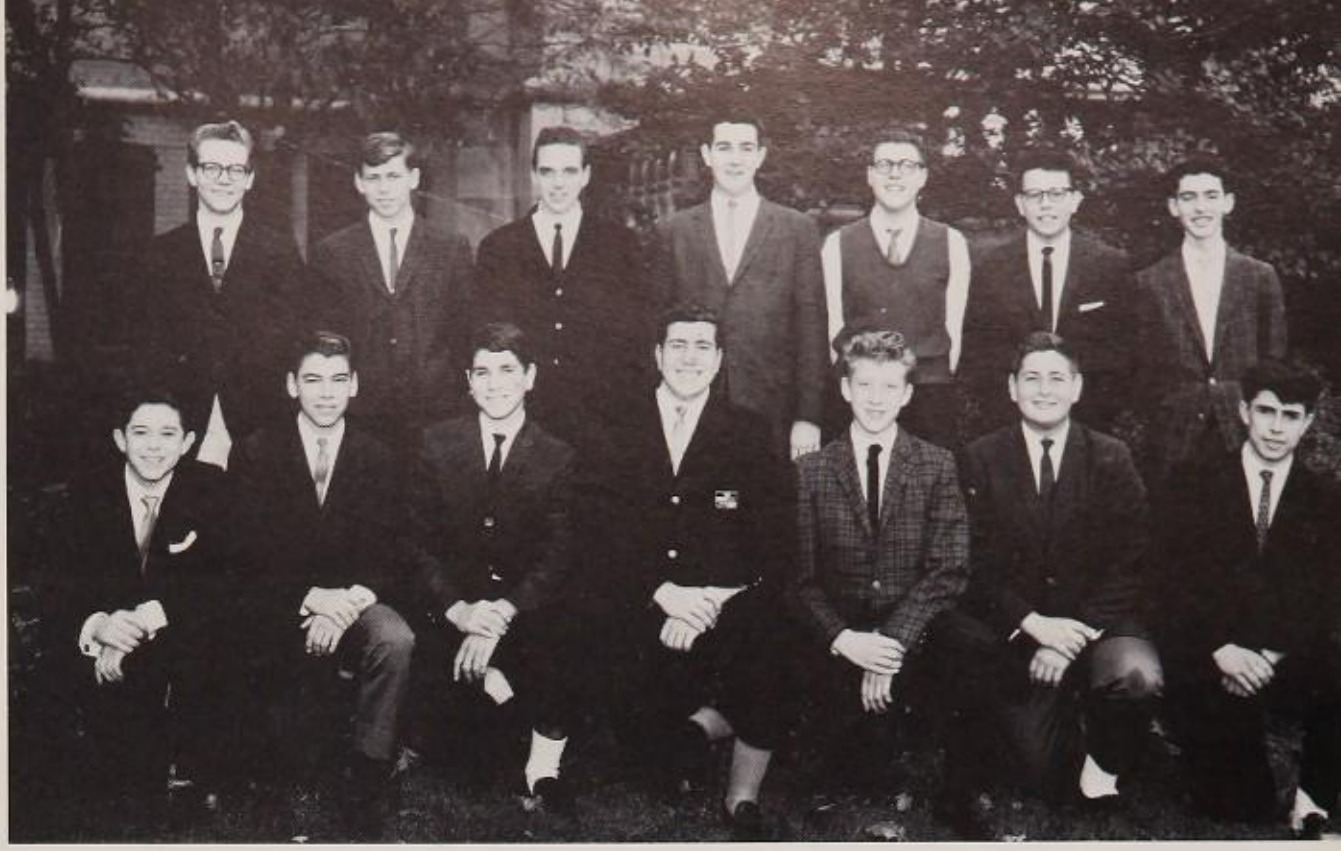
GOLF

Because of the loss of many outstanding golfers, the Golf Team faced a disappointing season this year. The outstanding golfers this year were Ron Cepelak and Paul Brno. However, according to Coach Edward Leonard, next year's team does look promising.

BASEBALL

The return of powerful hitters and capable fielders enabled the Baseball Team to have a successful season. Hard hitting Mike Plink, ace shortstop for the Bayside nine, looked forward to his best season. Marty Fox helped the team with his outstanding pitching as did Marty Lambertson. The coaching of Mr. Elliot Vines, along with the entire team, was responsible for much of the success of this season.

BOWLING



KNEELING: Leyton, DeBernardi, Galuskin, Tattenbaum, Wechter, Ginsburg, Butta. STANDING: Fuller, Osina, Dittrich, McDonald, Will, Spector, Katz.

Finishing their successful season of 8-2, the Keglers found themselves tied for first with arch rival Flushing. The championship was not decided until the final minutes of the playoff, Bayside losing by only a few pins.

The team has excellent prospects for next season with the entire team of undergraduates returning. Team Captain Tom Dittrich, who averages about 185, was referred to as the outstanding bowler by Coach Elliot Vines. Myron Galuskin was praised for the team's highest game of 251. Dan Brush, Gary Wechter, and Mike Orina, all with better than 170 averages, will also return, giving the Keglers a good chance at the Queens crown.

HANDBALL

The Handball Team had a disappointing season due to the loss of key players. Dr. Kenneth Veselak, coach of the team, rebuilt much of last year's championship team. In spite of this year's setback, the team is prepared for tough competition next season.

Under the supervision of Mrs. Gertrude Rose and Mrs. Edna Oeschner, Arista ran an after-school tutoring service, took part in a fall Freshman Orientation Assembly and sponsored two talent assemblies, one in the main building and one in the annex.

Traditional highlights of the year for Arista members are the Arista Induction Assemblies, theatre parties to Broadway and a trip to Pendle Hill, a Quaker colony, during the last weekend in May.

The Fall officers were: Marlene Hammer, Girl Leader; Robert Savitt, Boy Leader; Mark Weitz, Treasurer; and Elaine Rose, Christina Yee, Bonnie Sobel and Cherie Brozen, Secretaries.

BAYSIDER

SOUNDINGS

EDITORS

The quality of **The Baysider,** our school paper, is such that we can all proudly boast of it. In 1960, Baysider won the Columbia Scholastic Press Association's highest award, the Medalist, and in 1961 a First Place Award.

It provides Baysiders with a thorough, accurate, and well-written coverage of students, faculty, and school activities. Information and reading enjoyment are also afforded by its reviews of books, plays, movies, features such as the recent series on careers, and bold, thought-provoking editorials.

As a result of a student-opinion poll conducted by Mr. Ted Wolman, faculty adviser, several changes and additions were seen in **The Baysider** this year. The editorial columns, while still dealing with outside matters that affect Bayside students, have concentrated primarily on issues in school.

In order to stimulate more girls to read the sports page, there was a greater emphasis on girls' health education activities. There was also a shift to exclusive reporting of school sports.

The editors of **The Baysider** this year were: Raphael Zahler, Editor-in-Chief; Larry Post, Managing Editor; Nancy Foner, Assistant Managing Editor; Richard Allinson, News Editor; Richard Kimmel, Editorial Editor; Edgar Walker, Feature Editor; Peter Rothstein, Sports Editor; Sidney Resnick, Business Manager; Cherie Brozen, Exchange Editor; and Peter Wohl, Photography Editor.

EDITORS

SOUNDINGS, Bayside's literary magazine, has a staff of about fifteen students selected from the creative writing class, an elective course. Early this year, the magazine was edited by Joanne Baldinger, Joel Brodsky, Marlene Hammer, and Lois Woodmansee.

Any member of the student body may submit a creative story, poem, or essay to the staff. All material is discussed with originality, credibility, and character development in consideration. During the past years, the Columbia Scholastic Press Association awarded SOUNDINGS the medalist rating, the highest in their competition.

Mr. Samuel Neiman, the highliy respected faculty adviser of Soundings, passed away in March. His loss will remain imprinted, in spirit, on the pages of the magazine for years to come.

SITTING: Leibowitz, Baldinger, Hammer, Mr. Neiman, Adviser, Shapiro, Fyman, Elegant. STANDING: Billig, Woodmansee, Winokur, Horstman, Brodsky, Janis, Goldblatt.

ART SQUAD

FRONT ROW: Fox, Blank, Moskowitz, Siesel, Schecter, Fries, Cayco, Laufman, Jaworsky, Gilbert. SECOND ROW: Elkin, Reid, Gilbekt, Bogus, Froelich, Merrill, Siegel, Bagley, Tischler, Ferrante. THIRD ROW: Loder, Arnold, Lovett, Haradsky, Skowronski, Fleming, Gergreen, Gordon. FOURTH ROW: Hartman, Shahriari, Kimmel, Horvath, Danti, Bistrim, Price, Kagan.

"Give me plenty of white space."

It wasn't possible to walk through Bayside High School this year without noticing the colorful paintings and murals that adorned various parts of the building. These were done by the thirty-seven members of the Art Squad.

The purpose of the Squad is twofold. It seeks to render service to the school and to improve the individual abilities of its members. Not only did the work of the Squad brighten up the school, but the posters that advertised school functions contributed greatly to their success. The training received on the Art Squad has enabled many of its members to pursue further education for artistic careers.

A unique feature about this organization is that it is completely self-governing. Mr. Philip Frankle merely advises. The members choose their own leaders and screen and select potential members. Richard Kimmel was the director of the Art Squad during the Fall Term.

Some schools have public address systems to inform the student body of school activities of interest. Bayside has a far more personal and pleasant approach, the G.O. Captains. Aside from information about meetings, tryouts, G.O. activities and Student Council decisions, the G.O. Captains distribute the Baysider, sell tickets to school games, dances and shows, and sell and distribute Triangle during section periods.

Traditionally, G.O. Captains arrived at 8:40 and were briefed before going to their sections each morning. This year, due to the zero period schedule, the captains were briefed by Mr. Hartley Cohen and Mr. Alfred Meldon, the G.O. advisers, in the auditorium balcony during the eighth period for the next day.

Potential G.O. Captains with at least 80% averages, fill out an application and are interviewed by a panel of Captains and the G.O. advisers. Captains must possess qualities of enthusiasm, integrity and persuasiveness.

The G.O. Captains play a large role in encouraging attendance at school affairs and in creating school spirit. "Remember, today's game is a very important one, so . . ."

"We ought to replace the money."

STUDENT COUNCIL

The members of the Student Council are the elected officials of the four classes, the school's representatives to the City and Queens G.O. council, and the representatives of the various service organizations and musical groups. The Council met in Room 238 once each month and was advised by Mr. Hartley Cohen and Mr. Alfred Meldon.

The Student Council organizes and supervises student activities. It serves as the school's student government. This year's Student Council has been most successful in its endeavors. Under President Richard Turbin, Vice-President Ronald Turbin, and Secretary Mary Schmitt, the Council sponsored a Rock 'n' Roll Show and Dance, financed the production of Arsenic and Old Lace, and supervised the first Student-Faculty Basketball Game in many years. It designated that two bulletin boards, one in the main hall, and the other in the Annex, be used to post extra-curricular activities and that a wishing well be placed in the main hall to collect money for charity from anxious students during Regents Week.

The efforts of this year's Student Council have served to raise school spirit in Bayside High School to a level that it hasn't been for years.

BAND

One of the events during the school year that is most enthusiastically anticipated is the Christmas Concert. This year we were not disappointed. One of the major participants, the band, 125 strong (one of its largest memberships), performed splendidly. Under the leadership of Mr. Leuschner, the band also played at the Nights of Music, assemblies, and at Commencement in June. The President and Vice-President were Larry Simon and David Katz.

ORCHESTRA

This year's orchestra has kept up the tradition of excellency set by Bayside High School orchestras in preceding years. Lead by Mr. Klein, the orchestra performed at half the assemblies (alternating with the Band), at the Christmas Concert, the January graduation, the special Arista assembly, and at the Nights of Music. The President of the orchestra was David Katz and the Vice-President was Gail Reich.

CONCERT CHORUS

THE BAND AT PRACTICE

THE ROCK 'N ROLL SHOW

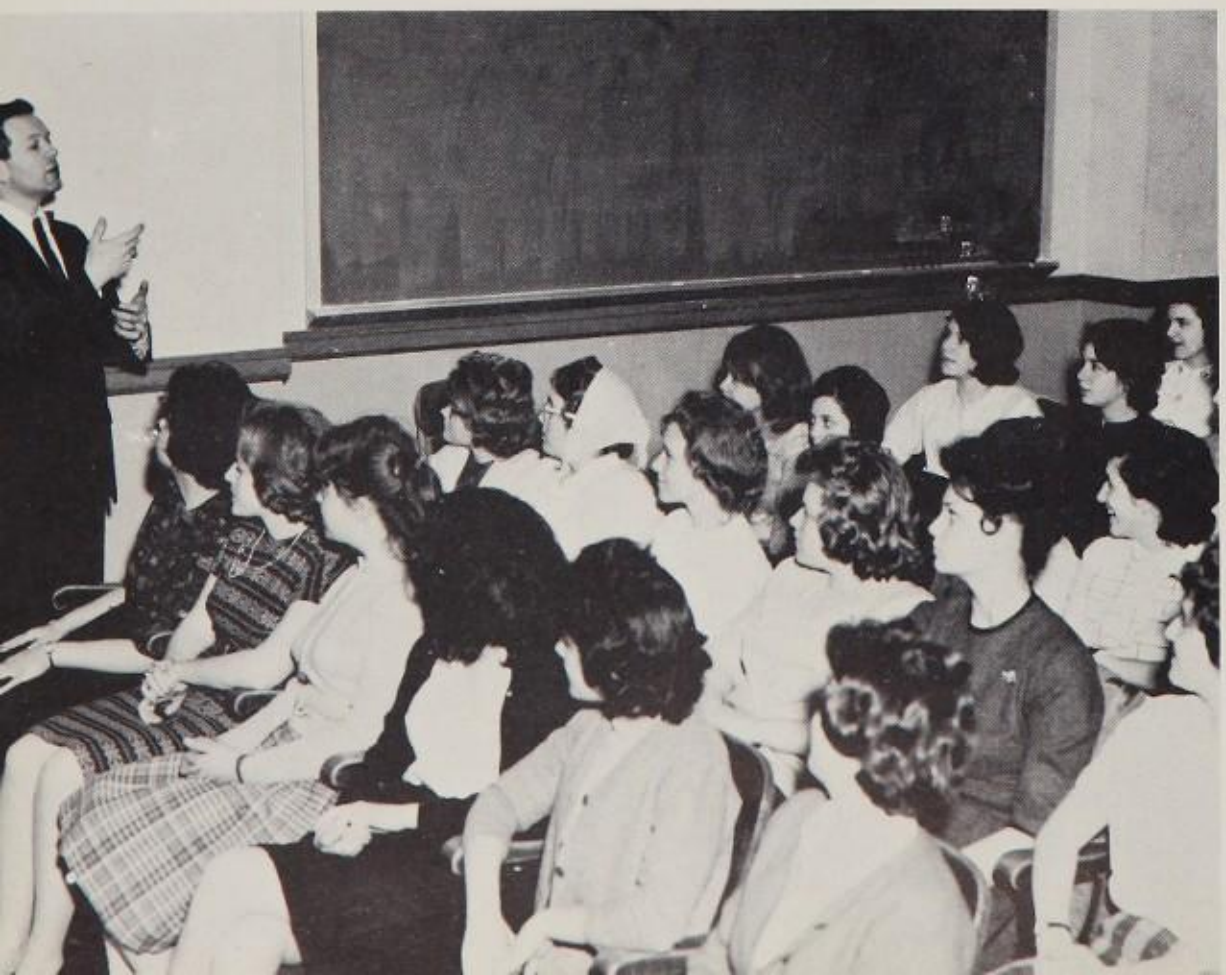
BOYS' CHORUS

The Girls' Chorus and Boys' Chorus, under the direction of Mr. Sidney Lovett and Mr. William See, respectively, complement the Concert Chorus and train students for it. In addition, the choruses lend members to the Concert Chorus for such events as the Nights of Music.

The Girls' Chorus and the Boys' Chorus gave their Annual Concert at a special music assembly. Among the songs they sang were Carl Hahns' "Green Cathedral" and "Malakuena" by Lecuana.

Aside from earning club and academic credit, the students also render an important service to Bayside.

GIRLS' CHORUS



FRONT ROW: Mueller, Seidman, McCutcheon, Greco, Simon, Green, Kaufman, Levine, Kirsch, Schimmel. SECOND ROW: Mrs. Kavadlo, Honig, Propper, Edwards, Berkowitz, Hantman, Alaimo, Sugarman, Cole, Marguay, Pencar, Ostrin, Stein, Dretchen, Mrs. Feinstein. TWIRLERS

FIRST ROW: Kaplan, Betha, Stenson, Baffa. SECOND ROW: Fidalio, Whalley, Panettiere.

An exciting moment at the Garden.

A wild shout of joy resounds through the air—a loud scream is heard! Bayside's teams are being spurred on to victory by the cheerleaders and the cheering squad. One of the most important things in the everyday routine of high school is school spirit. At all Bayside's games, these cheerers help bring out a rousing spirit from the student body. The cheerleaders were captained in the Fall Term by Sue Shlisky and Gisela Gerber and the squad by Marilyn Gordon and Judy Blake. Both groups perform difficult routines and boost the students to yell and shout for a victory. Mrs. Lillian Moses was the faculty adviser. Aside from the rigorous tryouts, applicants for the groups must have good citizenship and at least a 75% average. This year, for the first time, the girls sported new blue cheering jackets.

LEADERS' CLUB

The purpose of the Leaders' Club is to train its members to assist the Health Education classes, and extra-curricular activities of the Girls' Health Education Department.

It isn't easy to become a leader. The girls submit their applications in terms three, four, or five. They must have an 85% health education average, a 75% academic average, the approval of their health education teacher, and the approval of the chairman of the Health Education Department. If their applications are accepted they are given skill tests in basketball, volleyball, and softball. On the basis of the teacher's recommendation and their score on the skill tests, the applicants are accepted or rejected as probational leaders. After a trial period of six months, the executive board and the faculty adviser, Miss Joan Nunke, vote to accept or reject each girl as a leader.

The club holds intra-mural tournaments, and has play days with other schools. It also holds a Christmas party and a party at the end of the term. The club officers during the Fall Term were: Regina Muller, President; Linda Savage, Corresponding Secretary; Mary Walsh, Recording Secretary; Gail Reich, Treasurer.

USHERS' CLUB

The Ushers' Club is a service organization of almost fifty girls. These young ladies were captained during the Fall Term by Bennie Castaldi with the help of Jane Silverman. In the past year, the club ushered for special assemblies, at the Senior Show, the school play, "Arsenic and Old Lace," and at Commencement, as well as supplied directions to distraught parents on Parent's Day and Night.

The girls are carefully selected from many hopeful applicants who are screened by the ushers and Mrs. Julia Willemin, the club's faculty adviser. Applicants must possess qualities of neatness, must be ladylike, friendly—but firm. Firmness is an especially important characteristic as the ushers sometimes had to cope with disputes over seating. Also required is an average of at least 80%.

FRONT ROW: Linne, Koffler, Edelson, Castaldi, Silverman, Gluckler, Friedman, Germano. SECOND ROW: Friedman, Grupp, Feldman, Trapani, Freund, Frankel, Globus, Natal, Lavay, Glenn. THIRD ROW: Karp, Nicolia, Barth, Mare, Cornacchioli, Eisenger, Herzog, Kantor, Goldwasser. FOURTH ROW: Walsh, Batha, Bressler, Cantor, Ruettgers, Feintisch, Kelly, Feldman.

VISUAL AIDS SQUAD

STAGE CREW

Corsover, Nicastro, Surwit, Frischman, Klitgord, Steinberg.

Best of luck to a real nice guy. I hope that all your future plans come true.
Eric

The sixty students who are responsible for the tape recorders, televisions, films and film strips each period are all members of the Visual Aids Squad. The Squad maintains, distributes, and operates all visual aids equipment at Bayside High School.

Probably the only time someone notices a member of the Stage Crew is at the embarrassing moment when that member is on stage at the wrong time. Few realize that the Stage Crew plays a very essential part in all activities which take place in the auditorium. In addition to setting up the stage, it rents, builds, and adds to sets, and manages all the necessary lighting. The members of the Stage Crew included: Nick Nicastro, Captain; Harry Corsover, Eric Klitgord, Jay Steinberg, Phil Norwich; and Robert Taraska. Mr. William Kurz serves as faculty adviser.

STUDENT FORUM

Student Forum is a club which provides students with opportunities to study and discuss important controversial public questions. It serves to present many points of view.

A presentation of the movie, "Operation Abolition," which concerns students' riots against the House Un-American Activities Committee, and a lecture by a member of the Society of Friends, were among the highlights of this year's program.

In the Fall Term, the officers were: President, Paul Wachtel; Vice President, Irene Biederman; Recording Secretary, Carol Strauss; Corresponding Secretary, Eve Lichtenstein. Its faculty advisers were Mr. Irving Halprin and Mr. Dominick Alaggia.

NEWMAN CLUB

The Newman Club, which meets once each week, provides an opportunity for the members of the Catholic faith to meet and socialize with one another. (However, members of any faith may attend meetings.)

In order to reach its goal, the Newman Club sponsors both a large dance and a Communion Breakfast annually. It also schedules socials (at which there are refreshments, music, and dancing) every month.

At weekly meetings, the members engage in lively discussions or are given a talk by either Father MacKiernan, the Club's Spiritual adviser, or by a guest speaker.

The faculty advisers of the club are Mr. Young and Miss Clarke, who, together with the officers, tried their best to make the club as socially profitable as possible.

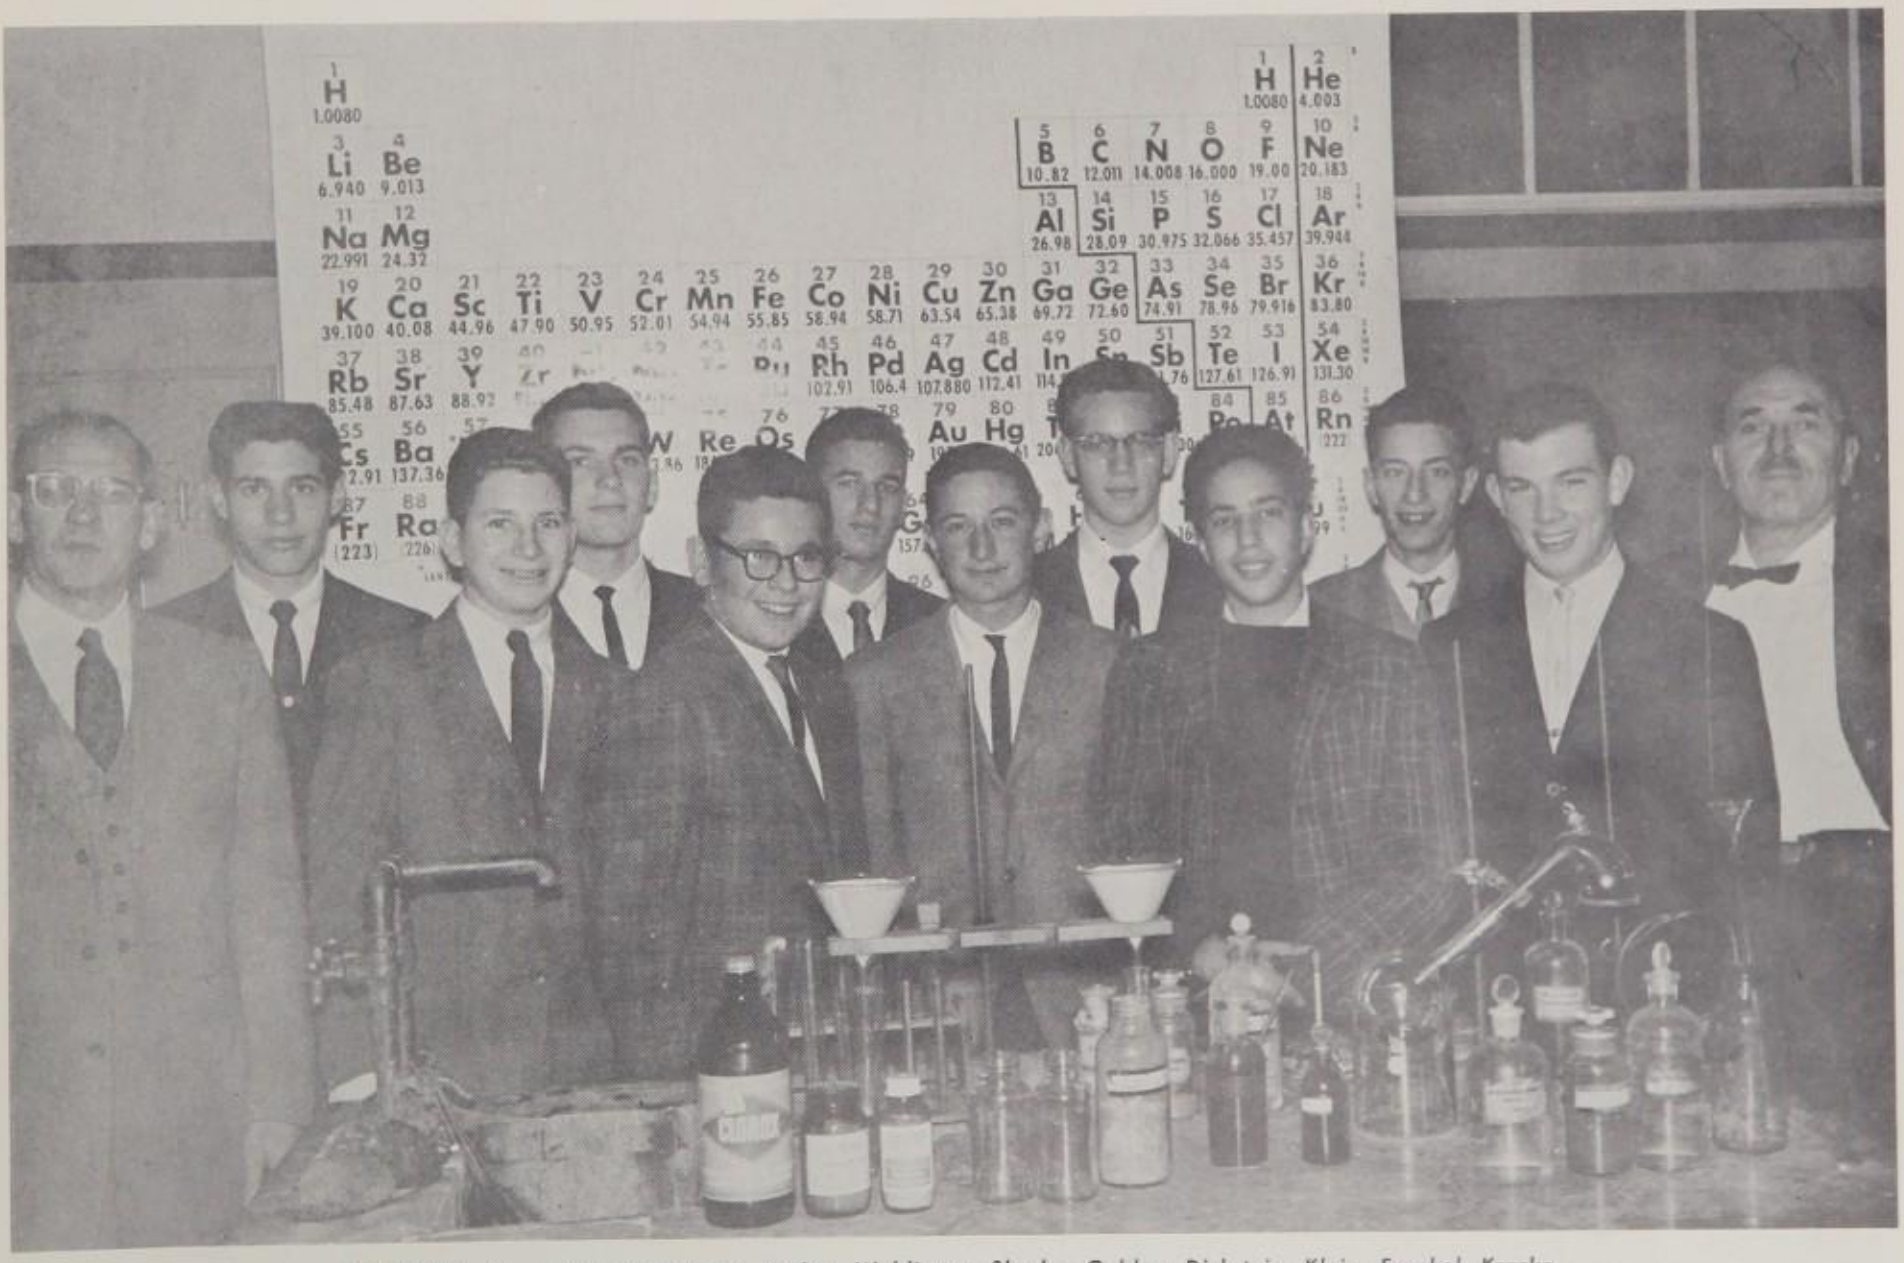
CHRISTIAN YOUTH CLUB

BIOLOGY CLUB

This year has been one of the most rewarding the Biology Club has had. Club projects have ranged from "Paramaecia Breeding" to a "Tissue Culture Study." The tissue culture, a very new discovery, is the cultivation of animal cells on glass slides in artificial media.

Members were able to see the cardiac tissue of a mouse palpitating and reproducing. The club had guest speakers and a special biology assembly. Mr. Irving Schucat was faculty adviser; William Bernstein was President during the fall term.

CHEMISTRY LAB SQUAD



STANDING: Dr. Arthur Greenstone, Zucker, Weldinger, Sharko, Golden, Dickstein, Klein, Frankel, Krasko, Jones, Elzweig, Mr. Joseph Lev.

DANCE CLUB

The aims of the Dance Club are enjoyment, exploration and appreciation of the modern dance, enlargement of individual creativity, and development of poise and muscular co-ordination. The club differs from Dance Gym in that it places little emphasis on technical training and that it is open to everyone with the exception of members of the Dance Gym.

Mrs. Sondra Ropollo is the adviser of the Dance Club, which provides a creative outlet and adds to the poise and grace of over seventy Baysiders each year. Officers in the Fall Term were: President, Diane Good; Vice President, Kathy Knapp; Secretary, Alice Goldberg; and Treasurer, Patricia MacMillan.

SCOPE

Scope, published once a year, is the science and mathematics magazine of Bayside High School. Its purpose is to advance interest in those subjects. It also serves to present individual experimentation and research on the part of Bayside students. This year's Scope was "larger in size and larger in scope" than those of previous terms. The editors were: Nathan Metz, Editor-in-Chief; Marshall Spatz, Literary Editor; Allen Verne, Science Editor; and Barbara Mugden, Managing Editor. Mrs. Rae Marks served as faculty adviser.

CLAY CLUB

The projects of the members of the Clay Club, advised by Mr. Walter Cramblitt, were many and varied. They carved with clay, plaster and wood and employed the potter's wheel to perfect their work. They made everything from ceramic dishes to animal figures. The members of this club benefited in two ways. They increased their skill and they made things that they themselves could use.

If you have ever been on the first floor near the Principal's office after school, and have heard the sounds of busy activity coming from behind a door marked Dark Room, it was probably the Camera Club at a weekly meeting.

Under the direction of Mr. Sol Fisher and the student leadership of Alan Gross and Bob Siegel, the Club seeks to develop skills and to provide enjoyment for its members. The Club is divided into beginners and advanced photographers.

One of the skills learned by the members of the Club this year was the process known as intensifying negatives. In addition, the advanced group worked in color photography and learned other professional techniques. The beginners learned how to develop and enlarge their own film.

CAMERA CLUB

KEY CLUB

The Key Club, under the direction of Mr. Alfred Meldon and Stephen Gray, president, has been of service to the school and the community. The objectives of the Key Club are to develop initiative and leadership, to provide experience in living and working together and to prepare for useful citizenship.

The members of the Key Club have shown us through their efforts that they are living up to these aims. The club decorated the gym for Bayside's Rock 'n' Roll show, and the Faculty-Student Night Game and Dance. During the Christmas Season, they rang doorbells for the Salvation Army. The Club also built our Wishing Well.

The Key Club serves as a fine example of youth striving for dignified, productive lives.

BADMINTON CLUB

Badminton is played by a "birdie" across a net with light weight racquets. Each Tuesday, approximately thirty girls participated in this lively sport. Miss Antoinette Caiazzo supervised with the aid of the club's President, Jane Walsh, and the Secretary, Cathy Rodriguez. The girls learned the meaning of fair play and developed a keen sense of comradeship.

BASKETBALL CLUB

"Guard her!" "Shoot!" "Pass it!" The sixty members of the Girls' Basketball Club are in the midst of a furious game. They meet once a week under the direction of Mrs. Mary Katica.

With the instruction of Mrs. Katica and the help of Ingrid Stamm, President, Regina Muller, Vice President, Mary Walsh, Mary Vespa, and Rita King, Secretaries, the girls learned and practiced the fundamentals of basketball and then applied and polished them. The culminating activity of each term was an intra-club tournament.

VOLLEYBALL CLUB

According to Mrs. Sondra Roppolo, its adviser, the Girls' Volleyball Club is a "home away from home," to the one hundred and thirty members who return there term after term. Its program resembles those of the other girls' sports clubs, reviewing of skills, polishing them by playing games and finishing with a Round Robin Tournament. It is the spirit of the club, perhaps, that makes it so popular with Baysiders.

The Fall Term officers of the Volleyball Club included: Diane Giombetti, President; Grace Hartigan, Vice-President; Elizabeth Poliseo, Secretary; and Marie Zielinski, Treasurer.

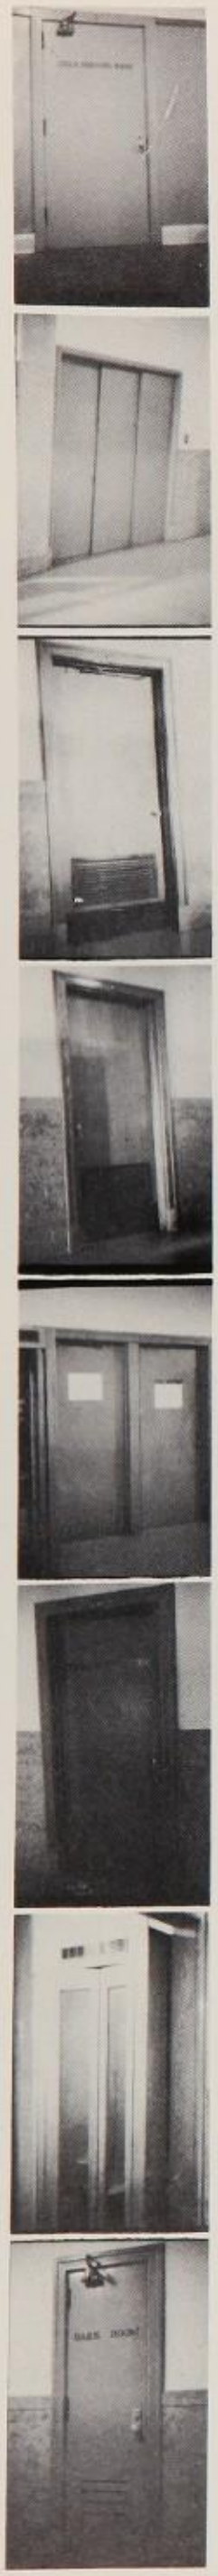
OPEN ANY DOOR



TRIANGLE

Nothing lasts forever, but it is a source of our pride that this book, the work of rank amateurs without any previous training, will outlast almost every other evidence of Bayside High School. This book will remain with us forever. And it is rightly so. For it is evidence that there are students who can, if they will, give of themselves for the benefit of others; that there are young people with a genuine, abiding affection for their school; that there are teachers who consistently set good examples for us in all these respects.

Cherish this book. You have reason to be proud of it, too.

THE SOUND SQUAD

To be a member of the Sound Squad, one must be acquainted with elecrtronic theory as well as technology. The Sound Squad, composed of only four boys this year, was responsible for the maintenance of all the school's audio equipment, which they set up at PTA meetings, assemblies, club meetings and G.O. shows and dances. Mr. Frank Langrock was the Squad's adviser.

JUNIOR RED CROSS CLUB

The members of the Junior Red Cross Club, under the direction of Mrs. Teresa Second, performed many worthwhile services for the community. The Club filled one hundred Christmas stockings for the patients at Bird S. Coler Hospital, composed crossword puzzle books for St. Albans Naval Hospital, and made soft toys for the Children's Shelter. The motto of this club might well be "Service First!"

BIOLOGY LAB SQUAD

Have you ever seen a frog coming down the hall? If you have, it might have been in a cart pushed by one of the members of the Biology Lab Squad, under the direction of Mr. Bergen Holland and Mrs. Sylvia Farkash.

Among the many duties of this squad are cleaning up, labeling exhibits, delivering material, running errands, and caring for the animals used in experiments. This squad is in part responsible for the smooth operation of the Biology Department of Bayside High School.

HEBREW CULTURE CLUB

The Hebrew Culture Club, with Mrs. June Bienstock as faculty adviser, attempts to give to its members an awareness of all phases of Jewish life both in America and in other parts of the world. The programs are varied, and include everything from lectures by visiting rabbis, to Israeli dancing taught by members of the faculty, to discussions among the club members themselves. The club also sponsors an annual Chanukah party. The club has purchased, with the money alloted by the G.O., a number of books about or written by Jews. These will be donated to the school library after they have been circulated among the club members.

The Officers of the Club during the Fall term were: President, Diane Sole; Vice-President, Mark Weitz; Treasurer, David Diamant; Secretaries, Eileen Natal and Alice Rosenberg.
